

ASE Participates in the 25th Jordan Economic Conference

September 19, 2024

Under the patronage of the Amman Stock Exchange (ASE) and organized by Afaq International Group for Media and Conferences, in cooperation with the Jordanian Economic and Democratic Forum and the Aman Association for Financial Services Awareness, the ASE participated in the activities of the 25th edition of the Jordan Economic Conference under the title: “The International Conference on Technical Analysis of Local and Global Financial Markets”, which was held at the Movenpick Hotel/Amman during period of September 3-4, 2024.

The CEO of the ASE Mazen Wathaifi opened the activities of this event, stressing the importance of holding the conference in these exceptional circumstances facing the Arab world, and the importance of the role played by the stock exchange, represented by its role in providing funding and achieving economic development as a key mechanisms and tools for directing private and public savings for various investment channels.

Wathaifi reviewed the most important developments in the Jordanian capital market, and the most important projects that have been implemented, including digital transformation projects in the ASE, in addition to the role of the ASE in the economic modernization vision, which included many initiatives that would support and activate the market, pointing to the most important things that have been implemented by the ASE in recent years in terms of enhancing the digital transformation process and updating technical and legislative frameworks according to the latest international standards and practices and the latest steps in the field of enhancing practices related to sustainability.

It is worth noting that the conference discussed a number of important topics in technical analysis, market strategies and investment in light of the digital transformation. The conference was attended by a group of experts and specialists in the financial and economic fields to discuss the latest developments and innovations in the financial sector. On the sidelines of the conference, the accompanying exhibition was opened, in which the ASE participated by displaying awareness brochures and educational and cultural videos. Many local and regional companies specialized in trading in stocks, foreign currencies and metals also participated in the exhibition.
